

## **PERFORMANCE NEEDS**

### **The Traveler**

#### **Set Pieces:**

6 - folding or stacking chairs

#### **Sound Needs:**

One wireless lapel or over the ear microphone.

This play has sound effects cues that need to be played by a sound tech person DURING the performance. I will bring SFX on a CD, and a script that is marked with the cues; however, I need to rehearse with the sound tech for a *minimum* of 20 minutes before the service begins.

#### **Video Needs:**

If your auditorium/sanctuary is equipped with video playback capabilities then we will be providing you with a short video to be played at the conclusion of the performance.

#### **Display Table:**

One 6 ft. or 8 ft. rectangular table in the lobby/foyer for literature and promotional items.

**Thank you for your assistance!**
